Proposal Content:

1. Organisation Overview:

- Name: Swellies Laundry Services
- Provide a brief history of the organisation.

Swellies Laundry Services was started as a small local business in Swellendam to provide affordable and convenient laundry services to the community. The business was established after identifying a need for reliable washing, drying, ironing, and folding services for people who may not have enough time to do their laundry themselves.

The business initially started by serving a small number of local customers and has gradually aimed to expand its services to families, students, working individuals, and small businesses. As the business grows, Swellies Laundry Services plans to introduce a website to improve its online presence, make its services easier to find, and allow customers to access information and contact the business more conveniently.

- Mission and vision statements.

Mission Statement

Swellies Laundry Services' mission is to provide affordable, reliable, and convenient laundry services to people in the local community while delivering excellent customer service and taking care of customers' clothing.

Vision Statement

Swellies Laundry Services' vision is to become the most trusted and convenient laundry service in the local community, while growing the business and making laundry easier for individuals, families, students, and small businesses.

- Target audience.

Swellies Laundry Services targets individuals, families, students, working professionals, and small businesses in the local community. The service is particularly useful for people who have busy schedules, limited access to washing facilities, or large amounts of laundry to manage.

The business aims to provide a convenient and affordable solution for customers who need washing, drying, ironing, folding, and laundry collection and delivery services.

2. Website Goals and Objectives:

Website Goal	Key Performance Indicator	How Success Will Be Measured
Increase online visibility	Website traffic	Number of visitors to the website each month
Attract new customers	New customer enquires	Number of people contacting the business through the website
Increase bookings	Online bookings	Number of laundry bookings made through the website
Provide useful information	Page views	Number of visitors viewing services, prices, and contact information
Build customer trust	Customer reviews	Number and quality of reviews received
Improve customer engagement	Contact form submissions	Number of customers submitting enquiries through the website
Encourage repeat business	Returning customers	Number of customers who use the laundry services again

Overall Goal: The website should help Swellies Laundry Services become more visible in the local community, attract new customers, and make it easier for existing customers to book and access its services.

3. Proposed Website Features and Functionality:

- Homepage: Hero image, tagline (“Fresh, Fast, Reliable Laundry”), call-to-action button.
- About Us: Company story, mission, team photos.
- Services: Detailed breakdown (wash & fold, ironing, dry cleaning, delivery).
- Enquiry Form: Customers can request pickup or ask about services.
- Contact Page: Address, phone number, map with multiple locations, contact form.

4. Design and User Experience:

- Colour Scheme: Clean whites and blues.
- Typography: Aptos, with bold headings and clean body text.
- Layout and Design: Minimalistic, easy navigation bar at the top, consistent spacing.
- User Experience: Simple navigation, responsive design, clear call-to-action buttons.
