1. Organisation Overview

- **Name:** Hands and Paws Dog Walking Services
- **History:** Founded in 2026 as a small start-up in Swellendam, Hands and Paws provides dog walking and basic pet care services. The business was created to support busy professionals and families who want their pets cared for during the day. Services include daily dog walks, feeding, pet sitting, and exercise sessions.
- **Mission:** To provide reliable, caring, and affordable dog walking and pet care services that ensure pets are happy, healthy, and loved while owners are away.
- **Vision:** To become the most trusted pet care service in the local community, expanding into grooming and other pet services as demand grows.
- **Target Audience:** Pet owners, working professionals, and families who need assistance with dog walking, feeding, or pet sitting.

2. Website Goals and Objectives

Website Goal	Key Performance Indicator	How Success Will Be Measured
Increase online visibility	Website traffic	Number of visitors per month
Attract new customers	New enquiries	Number of people contacting via website
Increase bookings	Online bookings	Number of dog walking sessions booked
Provide useful information	Page views	Visitors viewing services, prices, contact info
Build customer trust	Customer reviews	Number and quality of reviews
Improve engagement	Contact form submissions	Number of enquiries submitted
Encourage repeat business	Returning customers	Number of repeat bookings

Overall Goal: The website should make Hands and Paws more visible, attract new customers, and simplify booking and enquiries.

3. Proposed Website Features and Functionality

- **Homepage:** Hero image of dogs being walked, tagline (“Happy Pets, Happy Owners”), call-to-action button.
- **About Us:** Company story, mission, vision, team photos.
- **Services:** Detailed breakdown (dog walking, pet sitting, feeding, exercise, grooming expansion).

- **Enquiry Form:** Customers can request a booking or ask questions.
- **Contact Page:** Address, phone number, map, contact form.

4. Design and User Experience

- **Colour Scheme:** Warm earthy tones (greens, browns, blues) to reflect nature and pets.
- **Typography:** Aptos, bold headings, clean body text.
- **Layout:** Minimalistic, easy navigation bar, consistent spacing.
- **User Experience:** Responsive design, simple navigation, clear call-to-action buttons.

Wireframes (text outline):

- **Homepage:** Hero image → Services highlights → Call-to-action button.
- **Services Page:** Grid layout with icons/images for each service.
- **Contact Page:** Map + enquiry form side by side.

5. Technical Requirements

- **Hosting & Domain:** Affordable shared hosting, domain like *handsandpaws.co.za*.
- **Languages:** HTML, CSS, JavaScript.
- **Frameworks:** Bootstrap for responsive design.
- **Tools:** Visual Studio Code, GitHub for version control.

6. Timeline and Milestones

- **Week 1:** Research and proposal writing.
- **Week 2:** Content gathering and sitemap creation.
- **Week 3:** Build HTML structure (minimum 5 pages).
- **Week 4:** Testing, debugging, and submission.

7. Budget

- **Domain:** ±R150/year
- **Hosting:** ±R100/month
- **Maintenance:** ±R500/year
- **Total:** ±R1,800 annually
